Dear Mom & Dad,

We are leaving tomorrow. Vickie is going home for a visit. Her brother is getting married in the fall and she won't be able to get away for the wedding at that time. She will meet me in San Francisco on Friday and we will come home Sunday.

I mowed the lawn this morning - it was already hot and very humid. It will be nice to get away for a while. We are eating some of the last tomatoes and green peppers from the garden today.

We can't get to Seattle this trip, but I will get there some time this summer - Jim
